- To promote active co-operation between home, school and relevant community agencies in promoting the educational interests of the student.
- To raise awareness in parents/guardians of their own capacities to enhance their children's education process and to assist them in developing relevant skills.
- To enhance the students' uptake from education, their retention in the educational system, their continuation to post-compulsory education and third level education and their life long attitudes to learning.

1. Introduction

The Home School Community Liaison scheme seeks to promote partnership between the home and the school, parents/guardians and teachers/staff. The purpose of this partnership is to enhance the students' learning opportunities and to promote their retention within the educational system.

This purpose is pursued by identifying and responding to parent /guardian needs by creating a greater awareness in teachers of the complimentary skills of parents in their children's education.

The Home School Community Liaison scheme seeks to promote active co-operation between home, school and relevant community agencies in the education of young people. The scheme focuses directly on the relevant adults in the students' educational lives and seeks indirect benefits for the students themselves; that is, to develop the parent/guardian as an educator.

1. The scheme consists of a partnership and collaboration of the complementary skills of home and school, of parents/guardians and teachers.
2. The scheme is unified and integrated at both primary and secondary levels.
3. The approach of the Home school community Liaison scheme is preventative rather than curative.
4. The focus of the Home School community Liaison scheme is on the adults whose attitudes and behaviours impinge on the lives of children, namely, parents/guardians and teachers.
5. The basis of activities in the scheme is the identification of needs and working to ensure these needs met.
6. The Home School community Liaison scheme develops teacher and school staff attitudes in the areas of partnership and a whole-school approach.
7. The Home School Community Liaison scheme promotes the fostering of self-help and independence.
8. Home visitation is a crucial element in establishing bonds of trust with families.
9. Networking with and promoting the co-ordination of the work of voluntary and statutory agencies increases effectiveness, obviates duplication and leads to an integrated delivery of service to marginalised children and their families.
10. The Home School Community Liaison co-ordinator is an agent of change.

4. The work of Home School Community Liaison scheme

- Home Visitation:

1. Home visitation is at the heart of the HSCL scheme's focus on partnership. The ultimate purpose is to maximise the student's involvement and their retention in the education system.
2. Through home visits the co-ordinator endeavours to extend the welcoming and friendly face of the school through the context and circumstances of daily life.

3. The HSCL co-ordinator aims to be friendly and non-judgemental in their approach while carrying out home visits.
4. It is important for the co-ordinator to show willingness to listen and to stay as long as is necessary.
5. During the visits, the SHCL co-ordinator gives information and establishes a rapport with the parents.
6. The HSCL co-ordinator aims to help parents express their fears around approaching school. And seeks to break down negative attitudes among parents/guardians towards school and education.
7. Referrals for home visits will come from the principal, teachers, pastoral care team and parents/guardians.
8. Teachers who express concerns and would like a home visit to a particular family, may refer to the HSCL co-ordinator.

- **Classes/Courses:**

1. A needs analysis meeting with a focus group of parents/guardians is held at the beginning of each school year.
2. At these meetings discussions and suggestions are given by parents/guardians of courses they would most like to participate in.
3. Parents/guardians can frequently identify both direct and indirect needs concerning their children's education. These courses will allow parents/guardians to improve their life skills, to foster their self-confidence and should develop the parents'/guardians' awareness of their capacities as educators.
4. Scheme activities, which meet the parents'/guardians' needs include classes and courses -
 - a) Personal development courses such as parenting courses, assertiveness courses, etc.
 - b) Leisure activities
